MEMORANDUM FOR: Secretary, Inter-Agency Clandestine Collection
Priorities Committee

SUBJECT: Amendment to the 1 May 1957 IPC List on

STAT

1. Attached is a proposed revision to the Subject list submitted by the Office of Research and Reports. This proposal has been coordinated with other pertinent parts of the DD/I area. Although the originating office recommends that this proposal be inserted in the IPC list, I wonder if it might not be more useful for us to consider preparing an informal list of top priority items similar to that which we prepared for

STAT

2. I would appreciate your view on how this proposal might best be handled.
